Mr. E. W. Forbes
Rangely, Colorado

Dear Mr. Forbes:

A piece of incomplete business of this office that has come to my attention is the lack of Notice of Intention to Abandon Well No. 1, Vesta Mollahan, SW $\frac{1}{4}$ SW $\frac{1}{4}$ Sect. 15-9N-55W, Logan County, Colorado. Neither is there a Log record on this well.

In a separate envelope we are forwarding you Sundry Notice blanks and Log forms for completion on this well.

The Massachusetts Bonding and Insurance Company has been attempting to get its files completed on the subject well, but they state that they have been unable to receive any reply from you. I also notice that Mr. Cronin has been in correspondence with you requesting that the final papers be filed on this well.

Miss Dungan, of the E. K. Carey Drilling Company, has submitted a plugging report on this well, but this is not within the province of Miss Dungan. This should be done by yourself as operator, at your earliest convenience, as I am very anxious to get this matter closed. I am forwarding to you Miss Dungan's forms for whatever information they may convey to you, and I would appreciate your submitting Notice of Intention to Abandon Well, and also Report of Work Done on the well since previous report, together with a log on the well, so that our records may be complete.

Sincerely yours,

Director.
