Dear Sir:

The bonding company has suggested that we submit to you a plugging report so that they may be released from the bond for Mr. Forbes. This well was plugged according to Mr. Forbes' directions, so we hope that it is satisfactory and that it will enable ~~us~~ to release the bonding company.

We have written to Mr. Forbes a number of times about taking care of this matter, but have never heard from him.

Yours very truly,

THE E. K. CAREY DRILLING CO., INC.
