Dear Sir:

Some time ago, verbal approval to plug the #1 Nicklas in the NW NW Section 30, Township 9N., Range 55W, was granted to Tom Vessels, Jr.

No subsequent report of plugging was received by this office and in recent correspondence we were advised that the well was purchased by you and may not have been plugged.

Would you please advise us, at your earliest opportunity of the status of the above well and submit such reports as may be needed, that is, a plugging record if plugged, and a change of operator if not plugged.

I might also mention that I think your Designation of Agent is out-dated and would ask that you submit a new form in this regard. I have enclosed forms for your use.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

William R. Smith, Senior Petroleum Engineer

WRS:eh  
talked to Mr. *Walt Meuklbauer* 2/16/61  
pipe was pulled & stretched about 9' but would not come  
out. They are trying to find someone to plug the well.  
Enclosures *WRS* ✓

Talked Mr. King 10/26/61 well casing has been  
pulled & land owner is going to take over as a water well.
