Attention: Bond Department

Dear Sir:

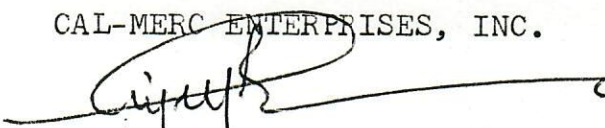

We have been advised that there is a bond being held for the Western Friend 2-21 well in Washington County, Colorado. The bond was issued through Bayly, Martin and Fay, Inc., of Colorado for Western Oil & Mining, Inc., and is bond number 463F0281 (see copy enclosed).

We wish to have this bond released for cancellation as the well has been under different ownership since April 8, 1982. (See attached letter from Petroleum Incorporated dated April 19, 1982).

Please advise this office as to the procedure we need to follow to have this cancellation affected.

Sincerely,

Mr. Brooks:
Western Oil & Mining drilled
this well, not to T.D., and
temporarily abandoned it.
The well is not P+A and
probably will have to be
plugged by the bonding company.
