April 8, 1965

Mr. Elmer R. Wolke
315 East Washington St.
Jacksonville, Illinois

Dear Sir:

We have no record of a well having been drilled under the name of Apex Oil Company in Section 21, Township 3S-Range 50 West, however, in the center of the SE/4 SE/4 of Section 21-3S-50 W, a well was drilled by the British American Oil Company which was plugged and abandoned as a dry hole in January of 1962.

This well was later re-entered during 1964 by the Woodward Oil Incorporated and after not producing any oil was subsequently plugged and abandoned by them on October 28, 1964.

We believe this is the well you have in mind, as A.F. Woodward is president of Apex Oil Company.

Very truly yours,
Oil and Gas Conservation Commission

Jules J. DeSalvo, Asst. Petroleum
Engineer
