Lot 25 (SE SE) Sec. 27, T9N - R96W  
Moffat County, Colorado

Dear Ron,

A Sundry Notice for the subject well was submitted on August 12, 1997 regarding a move in location due to hole problems encountered during the re-entry of the original well.

As per my telephone conversation with Thom Kerr on Friday, September 19, 1997, P & M Petroleum Management has been given verbal approval to move and spud the subject location, however, Thom has requested that a revised A.P.D. be submitted for this well, since it is actually a new location.

Therefore, I am enclosing a new A.P.D. and survey plat. Thom has agreed to waive the \$50.00 application fee, since it was previously paid with the attempted re-entry application. If you should have any questions regarding this application, please don't hesitate to contact me.

Sincerely,

PERMITCO INC.

Lisa L. Smith
