Dear Mr. Timmerman:

The abandoned **PARRETT #1** well located on your property described above needs to be re-entered and re-plugged to improve the integrity of the wellbore. Prior to commencement of those operations, the Energy & Carbon Management Commission of Colorado requires the Operator to inform you and to secure your agreement to the procedures.

Fundare Resources Operating Company, LLC, as Operator, is required to locate the old wellbore, attach new pipe to bring the bore to surface grade and then enter the wellbore with a workover rig to re-plug the well to current standards.

Please acknowledge your receipt of this notice and your consent to the proposed operations by signing and dating below.

Should you have any questions or concerns regarding this matter, please do not hesitate to contact me directly at 720-868-1320, or by email, tstone@fundareresources.com. Thank you for your attention to this matter
