CORRECTIVE ACTIONS:

1 CA# 205832

Corrective Action: Comply with 1004 rules to remove gravel, perform additional reclamation activities, and perform weed management.

Date: _____

Response: CA COMPLETED

Date of Completion: 11/21/2025

Operator Comment: Complying with Rule 1004. Location was seeded this fall. The gravel material is natural and reflective across the entire field due to the area sits along the river and had historical flooding. The yellow marker post with a lock and cap is a private 3rd party ground water monitoring well that is not oil and gas related. It appears to have been installed within a few months after the Rumsey 10-4 oil and gas well was PA. Current landowner (City of Aurora) has no idea who or what the purpose serves. See information attached with completed photos.
