CORRECTIVE ACTIONS:

1 CA# 208707

Corrective Action: Comply with Rule 1004 to perform additional reclamation activities at the tank battery location.

Date: \_\_\_\_\_

Response: CA COMPLETED

Date of Completion: 11/21/2025

Operator Comment: Complying with Rule 1004. Reclamation was performed. The landowner has installed bee hives and electric wire around them to protect from wildlife prohibiting any future maintenance of that portion of the location. The landowner also installed a welded steel pipe fence around the location creating no access for us with any equipment. The landowner is also storing a large volume of fill dirt from an unknown source on the former production facility pad. This site will be reinspected for any changes and the landowner has been notified of the

situation.
