Gentlemen:

Enclosed please find the following items for request to drill:

1. Application for permit to drill (5 copies).
2. Survey plat (5 copies).
3. Map showing roads, tracts, and items one through six of the twelve-point development plan (5 copies).
4. Rig layout plat (5 copies).

All drilling mud, cuttings, trash, and garbage will be confined to the reserve pit, or if not practical, will be removed to a satisfactory dump.

There will be neither a camp nor an air strip.

All pits will be filled and the ground leveled to as near the original condition as possible when finished. Keba will restore lands to original condition as agreed with surface owner.

The land under and leading to the drill site is private surface ownership, and we have made arrangements with the owners for access. The well will be drilled under Keba Oil & Gas Company's Traveler's Drilling and Plugging Bond No. 297B111-6, which has been approved by the Bureau of Land Management, and five copies of said approval are attached.

~~CONFIDENTIAL~~

Mr. Gerald R. Daniels

We understand that you require three copies of all enclosures for your use, and we have taken the liberty of enclosing an additional two sets of documents for you to forward to the Bureau of Land Management.

Very truly yours,

KEBA OIL & GAS COMPANY
