

December 5, 1966

Richard R. Storm  
Stream, Inc.  
1746 Milam Building  
San Antonio, Texas 78205

Dear Mr. Storm:

Reference is made to your letter of November 30, 1966, regarding the #1 Franson well located in the center of the SW $\frac{1}{4}$  of Sec. 26, T-10N, R-47W, Sedgwick County, Colorado.

We are certainly pleased with your cooperation in this matter, and are happy to advise you that the rules of the Commission are designed specifically to take care of the problem you have.

First, the completion report must be filed within 30 days after completion of the well, either as a potential producer or abandoned. However, upon request it will be put in a confidential file, and no information released for a period of six months after we receive the report, unless you release it at an earlier date. Needless to say, you must request that it be held confidential, including the electric logs, if they should come in a separate mail.

If further information is needed, please let us know.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

William R. Smith, Deputy Director
