

# Site Specific Final Reclamation Completion Notice – Abandoned Location Drone Imagery

## Permit Closure Report – Abandoned Location

**Location ID:** 413255

**Location Name:** COLORADO STATE CC/30-27

## Report Date:

2/14/2025

H2E has conducted a thorough review of the data provided in this report. This report was developed in accordance with ECMC Operator Guidance – Operator supplied abandoned location drone imagery and information for submitting a final reclamation completion notice.

## Abandoned Location Type

This site was permitted, but no construction or drilling was completed for the location.

## Inspection:

Performed by	H2E Inc.
Date	2/13/2025

All pertinent data, imagery, and materials are included at the end of this report.

## Designated Land Use Observations

**The following imagery sources were reviewed during this investigation:**

Historic Google Earth imagery from 1985-2023, and 2025 drone imagery.

## Site Observation Notes

This location and its associated wells were never constructed.

## Closure Information

This final reclamation completion notice is intended to close the COLORADO STATE CC/30-27 location (413255) which consists of the COLORADO STATE CC #30-27 (API # 05-123-30629) wellhead. This location is not shared with any other wells or tank batteries. This location was permitted but never constructed and no wells were drilled, so there are no associated tank batteries or flowlines to be abandoned. The Sundry Notice (Form 4) attached to this submission (Doc # 2330873) indicates that the well was not drilled.

There were no remediation plans associated with this location due to the lack of construction and drilling/production of the well. No inspections or corrective actions (CA's) were identified during the records review.

Drone imagery confirms that no oil and gas-related disturbances were associated with this location.

## Summary Acreage Table

Description	Acres
Historic Disturbance Extent	N/A
Access Road	N/A
Flowline	N/A
Tank Battery	N/A
