General Comment:

ECMC Field Inspection Report Summary

This is an environmental inspection to determine progress on Spill IDs 483842 and 490289 and Remediation Project # 26367. Any corrective actions from previous inspections, NOAVs and/or conditions of approval from previous forms that have not been fully addressed are still applicable. There were no operator or contract environmental personnel on location at the time of this field inspection. Photos attached to document site conditions.

Site/Spill Name: Moser 14, 35-28

Spill IDs: 483842 and 490289

Remediation Project #: 26367

Well API #s: 05-123-29439 and 05-123-29442

Reported Dates of Discovery: 2/1/2023 and 5/21/2025

Date of Inspection: 12/04/2025

Weather: Partly cloudy, 21°F

Current site status:

-Crops have been harvested from the field surrounding the spill locations; the field is covered with snow.

See attached corrective actions.

Facility ID: 483842 Type: SPILL OR API Number: - Status: CL Insp. Status: EI

The subreport 'InspWellFlowline' could not be found at the specified location \\10 14 12

Facility ID: 490289 Type: SPILL OR API Number: - Status: CL Insp. Status: EI

The subreport 'InspWellFlowline' could not be found at the specified location \\10 14 12

Environmental

Spill/Remediation:

Comment: Remediation Project # 26367 was created for decommissioning of Moser 14, 35-28 wells and flowlines. Spill IDs 483842 and 490289 were created to address the remediation of impacts identified at the well and flowline, respectively. Crops have been harvested from the field surrounding the spill locations; the field is covered with snow.

Quarterly reporting is required under Remediation Project # 26367. The last Form 27 for this project was submitted 12/01/2025 and was denied by ECMC on 12/04/2025 due to the Operator reporting that additional investigation/remediation was pending crop harvest (Document # 404444685); a replacement Form 27 has not been received as of 12/8/2025.

Corrective Action: **In accordance with Rule 913.e.(3), Operator will adopt and maintain a quarterly reporting schedule (90 days). Operator shall provide a replacement Form 27 for Remediation Project # 26367.**
