ECMC Field Inspection Report Summary

This is an environmental inspection. The STATE #9 well and was included in the scope of this inspection. Any corrective actions from previous inspections, NOAVs and/or conditions of approval from previous forms that have not been fully addressed are still applicable. There were no operator or contract environmental personnel on location at the time of this field inspection. Photos attached to document site conditions.

Site Name: STATE #9
Well API #: 05-123-08189
Flowline Facility ID: 476034
Location ID: 336096
Date of Inspection: 12/02/2025
Weather: Cloudy, 46°F

Site is located within or adjacent to:

- The Town of Frederick (within)
- Residential building units (~328 ft northwest)
- Frederick High School (property boundary ~3300 ft north)
- Retail gas station (~575 ft south-southeast)
- 13th St (immediately adjacent to north) and William Bailey Ave (immediately adjacent to west)

Current site status:

- A workover rig is visible on location and is set up over the STATE #9 well.
- Per previous Field Inspection Report Documents # 697012130 and 697012132, plugging operations were in process as of 11/25/2025.
- Ancillary equipment is visible on location.
- The pumping unit has been partially dismantled.
- A petroleum hydrocarbon odor was observed near the well.
- Two blue plastic buckets/drums are visible on location; the containers appear to contain trash (non-E&P waste).
- A black plastic sheet is visible adjacent to a trailer.
- Initial Form 27 Document # 404354320 proposing a site investigation for the plugging and abandonment of the STATE #9 well and removal of the associated flowline has been submitted, but has not been approved by ECMC. Flowline Facility ID 476034 has not been included as a related facility.

Spill/Remediation:

Comment: Initial Form 27 Document # 404354320 proposing a site investigation for the plugging and abandonment of the STATE #9 well and removal of the associated flowline has been submitted, but has not been approved by ECMC. Flowline Facility ID 476034 has not been included as a related facility. Per previous Field Inspection Report Documents # 697012130 and 697012132, plugging operations were in process as of 11/25/2025.

Corrective Action: Operator shall cease additional investigation or closure operations. Operator may proceed only after the Form 27 is approved. Date: 11/25/2025

Operator will provide notice to ECMC DJ Basin Environmental Supervisor Nikki Graber and to ECMC Area EPSs Kari Brown and Laurel Anderson via email at least 72 hours prior to any sampling events performed on location. Email notification must include the scope of work, start date and time, and contact information for the on site contact. CA due date is backlisted to the date ECMC initially observed plugging and abandonment activities.
