Closure Information

This final reclamation completion notice is intended to close the Stroh/38-28R location which consists of the planned Stroh #38-28R well proposed by KP Kauffman Company Inc (API# 05-123-25401) as well as PDC's proposed Stroh #28 Pad (See Location Checklist for well information). This location does not share a disturbance with any other wells or facilities. Because this location was abandoned before any disturbance, there were no flowlines, access roads, or associated facilities constructed. Drone imagery confirms that no equipment was on site at this location.

The Stroh/38-28R location is in Weld County, Colorado and is just shy of a mile south of Weld County Road 42 and is directly west of Weld County Road 19. The KP Kauffman well (Stroh #38-28R) was abandoned on August 4, 2015 (Sundry Doc #40087895). The PDC Stroh #28 Pad location was abandoned officially on May 16, 2018 (See Location Summary for Well Scout Cards). The land was used for agricultural purposes at the time of permitting and continues to be used as cropland.

There were no Inspections, Spills (Form 19), Remediation Workplan (Form 27), or Corrective Actions (CAs) identified for this location during the record search.
