- Report of work done on well since previous report.

April 15 1947

Following is a (notice of intention to do work) (On land)  
 (report of work done)  (patented) described as follows:

Colorado	Weld	Stoneham Dome	
State	County	Field	
One	Marguardt	SW $\frac{1}{4}$ of SE $\frac{1}{4}$ Sec. 6	8 N. 56 W. 6th P.M.
(Well No.)	(Lease)	(Sec. and $\frac{1}{4}$ Sec.)	(Twp.) (Range) (Meridian)
The Well is located 203 ft. (N) of N. Line and 79 ft. (E) of E. Line			
(S) <input checked="" type="checkbox"/> (W) <input checked="" type="checkbox"/>			

The elevation above sea level is 4350 ft.

Details of Plan of Work: (State names of and expected depths to objective sands: Show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work.)

On Dec. 20th, 1946, we shut down for the winter and did not start up again until April 15, 1947.

When we started up, I put on only two men ex-G.I.s whom I knew. (As my previous crew while supposed to be drillers were in name only) As they had no experience in welding, I taught them how to weld and how to drill, under supervision. We drilled and cased to 175 Ft. and shut down on April 23rd until Sept. 1st, 1947.
