General Comment:

On 01/02/2026 I, James Blair, performed an compliance audit and inspection on Kinder Morgan's Doe Canyon Unit DC#6 carbon dioxide well. Conditions were partly cloudy and it was 43° F. It had rained earlier in the day and the road and well pad were wet and soft. A faint hissing noise indicated that the well was producing at the time of the inspection. No action items were identified during the inspection.
