**Spill/Remediation:**

Comment: This is an Environmental Inspection for Remediation Project # 43865. Form 27-I document no. 404494145 was submitted for the decommissioning and abandonment of an unused above ground storage tank and partially buried produced water vessel at the Amyx 1 Tank Battery location. At the time of inspection, equipment remained in place. The associated tank battery for the AMYX 1 well location is approximately 803 feet southwest of the wellhead. Due to the Tank Battery location and Wellhead location being separate locations the Operator shall provide the following information to request a Facility ID for the Tank Battery.

Please email the area EPS the following information:

- Facility Name
- GPS Coordinates for the SE corner of the tank battery
- PLSS for the tank battery (use SE corner)
- A list of wellheads that produce (and have historically produced) to the tank battery
- A list of equipment at the tank battery

Once ECMC has received this information a Facility ID for the tank battery will be generated and provided to the Operator.
