AD

Called RSLM 7/11/88.
Lease has been extended to 5/89.
Well not drilled. Called ALB.
Presley informed him that well
was considered AL & new APD
would be necessary upon drilling.

Under its original terms, the SOP will expire on: 1) the first of the month in which the lessee/operator is notified of the decision not to approve the permitting of the well; 2) the first of the month in which actual, approved drilling operations are commenced, after the well is permitted; 3) the first of the month in which a 30 day period following receipt of all necessary approvals and permit expires or; 4) the termination date of the SOP or SOP extension.

Therefore, in view of the foregoing discussion, you are hereby granted an additional extension to the SOP for lease C-16681 and to the APD for Well No. 1, Section 7, T4S, R100W, lease C-16681, until September 15, 1985. All conditions of the original SOP and approved APD still remain in effect.

If you should have any questions concerning the above, please contact Paul Onsager at (303) 324-8261.

Sincerely,

DEBRA ANN AARBY
