## Narrative

Include specific incident information and mitigation actions taken to stop and clean-up the spill/release

On January 28, 2026, during a routine field inspection (714202707) conducted by the ECMC a gas leak was detected from a 6" carbon steel flowline. KPK shut in the flowline to begin repairs and prepare to assess environmental impacts.

Acknowledgement

I acknowledge that a written follow-up notice must be submitted to Weld County OEM/LEPC as soon as practicable after the release. The follow-up notice must update information included in the initial notice and provide information on actual response actions taken and advice regarding medical attention necessary for citizens exposed.
