Community Gas & Oil Company  
P. O. Box 1124  
Billings, Montana 59101

Gentlemen:

We have received your monthly production reports (OGCC-7) for your recently acquired wells in the McCallum-South Field, Jackson County, Colorado, stating that the wells are shut in and will be abandoned.

We wish to bring to your attention that prior approval for abandonment must be obtained from this office, either by submission of an OGCC-4, or by verbal approval by telephone. We might point out that U. S. G. S. approval of the method of abandonment will satisfy our requirements. The abandonment must be followed up by submission of a report of abandonment (OGCC-4).

Your careful attention to this matter will be appreciated.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

H. H. Morrell, Associate Petroleum Engineer
