OIL & GAS  
CONSERVATION COMMISSION

February 21, 1966

U. S. Department of the Interior  
Geological Survey  
15444 Federal Building  
Denver, Colorado 80202

Re: Colo. 021691 &  
Colo. 026596

Attention: Mr. E.R. Haymaker

Dear Sir;

In reference to your letter of February 16, 1966, regarding the above leases, we are enclosing the subsequent reports of abandonment.

All work has been completed on these leases except the cleaning of the locations and removal of some surface equipment. Because of the weather conditions and frozen ground we will level the locations in early spring. Please hold these reports of abandonment until we notify you this has been completed.

These reports should clarify our position in reference to these leases.

Yours very truly,

COMMUNITY GAS & OIL COMPANY

Luther K. Wise  
President
