

Site Specific Final Reclamation Completion Notice – Abandoned Location Drone Imagery

Permit Closure Report – Abandoned Location

Location ID: 424406

Location Name: Amber/G06-24

Report Date:

1/27/2026

H2E has conducted a thorough review of the data provided in this report. This report was developed in accordance with ECMC Operator Guidance – Operator supplied abandoned location drone imagery and information for submitting a final reclamation completion notice.

Abandoned Location Type

This site was permitted, but no construction or drilling was completed for the location.

Inspection:

Performed by	Chevron
Date	7/29/2025

All pertinent data, imagery, and materials are included at the end of this report.

Designated Land Use Observations

The following imagery sources were reviewed during this investigation:

Historic Google Earth imagery from 1985-2023, and 2025 drone imagery.

Site Observation Notes

This location and its associated wells were never constructed.

Closure Information

This final reclamation completion notice is intended to close the Amber/G06-24 location (424406) which consists of the Amber #G06-24 (API #05-123-34017) wellhead. This location is not shared with any other wells or tank batteries. This location was permitted but never constructed and no wells were drilled, so there are no associated tank batteries or flowlines to be abandoned. The Sundry Notice (Form 4) attached to this submission (Doc #400514453) indicates that the well(s) was not drilled.

There were no remediation plans associated with this location due to the lack of construction and drilling/production of the well(s). No Corrective actions (CA's) were identified during the records review.

Drone imagery confirms that no oil and gas-related disturbances were associated with this location.
