

November 25, 1970

Mr. George W. Reddin
Post Office Box 116
Brush, Colorado 80723

Dear Mr. Reddin:

We have been notified by National Cooperative Refinery Association that you have purchased their Wyant No. 3 well, located in Section 33-3S-49W, Cope field, Washington County.

Because you are apparently a new operator in Colorado, we have certain requirements that you must follow. We are enclosing a book of rules and regulations and forms that it will be necessary for you to complete and submit to us. We will need the following:

OGCC Form 1, Designation of Agent, paragraph 5, page 9

OGCC Form 3, Bond, paragraph 304, page 11

OGCC Form 7, Operator's Monthly Production Report, paragraph 307, page 12

OGCC Form 10, Certificate of Clearance, paragraph 310, page 13

Your name will be placed on the mailing list to receive the OGCC Form 8, Mill Levy Report from the Revenue Department. This is explained in paragraph 308, page 12.

Your early attention to these matters will be appreciated. If you have any question concerning these requirements, please feel free to contact us.

Very truly yours,

H. H. Morrell, Senior Petroleum Engineer
