Inspection Photos
Location Name: MILES #33-3M
Location ID: 328594

Photo 1. Looking north across the wellbore area. No oil and gas equipment is present on location. Vegetation appears to be reflective of the surrounding reference area.

Photo 2. Looking west from the wellbore area. See photo 1 comments.

Inspection Photos
Location Name: MILES #33-3M
Location ID: 328594

Photo 3. Looking south from the wellbore area. The access road is used to access a nearby house and barn.

Photo 4. Looking east from wellbore. See photo 1 comments.

Inspection Photos
Location Name: MILES #33-3M
Location ID: 328594

Photo 5. Reference vegetation to the west of the wellbore.

Photo 6. Looking west across the former tank battery. The tank battery is located approximately 650 ft to the northeast of the well location. All Kerr Mcgee equipment appears to be removed. The tank battery is now used as hay/equipment storage. Vegetation on the tank battery is reflective of the surrounding reference area.

Inspection Photos
Location Name: MILES #33-3M
Location ID: 328594

Photo 7. Looking east across the tank battery. See photo 6 comments. An active KPK flowline riser is present to the east of the tank battery location.

Photo 8. Google earth aerial imagery taken 09/2023. Appears the location is used for hay and equipment storage.
