Response: OTHER

Operator Comment: The landowner performs the work in the ag field and does not want Chevron performing any work in the area of the former tank battery. The other portion of the former tank battery is in the public right of way and is part of the easement that is maintained. The landowner also informed Chevron that the access point to the former tank battery is used for farming operations and access to the property. Chevron has a signed variance request to keep the entrance off of County Road 59.
