Lease Agreement of Aug. 21, 1979.

Dear Mr. Smith:

The enclosed copy of a Recorded Affidavit of Non-Production, Nondevelopment, and Nonpayment of Rental, relating to an Oil and Lease Agreement, dated August 21, 1979, referred to above, with the late Cougar Petroleum Corporation, is self explanatory and is furnished for informational purposes. It is a follow-up of the providing of copies of letters requested by Mr. James McKee of your office that I sent to recent Cougar Petroleum Officials requesting a release of the August 21, 1979 Lease Agreement under its terms and conditions. There are no replies to my letters to-date.

There are no outstanding Lease Agreements or Lease arrangements, either implied or documentary, for further removal or development of gas or oil resources on this tract.

Yours truly,

RUSSELL K. SMITH
