RE: Richard F. Shaheen

Dear Mr. Smith:

In response to your letter dated September 13, 1962, I am unable to provide any information concerning the Frank Svacina well in Logan County nor do I have any suggestions at the present time as to anyone being able to provide you with such information.

The Poe lease located in Morgan County, Colorado has been the subject of extensive litigation, the same has now been concluded and we are endeavoring to reconcile many ramifications which have arisen during the pending litigation. Of major importance is the accounting problem arising from the production and in conjunction therewith the reports which of course are necessary to be filed.

Paul Ververs of Fort Morgan, Colorado is assisting in the accounting and I am certain that as soon as he has all of the information that he will file the necessary reports with your office.

Very truly yours,

WELLS, SNYDAL & REDDIN
