## Report Confirmation

Received	Mar 9, 2026 at 4:55pm EDT
Your Name	Cullen Chew

Your Email	cchew@kpk.com
Your Phone Number	2059144843
Suspected Violator's Name *	KP Kauffman Company, Inc.
Suspected Violation Location (Address) *	I-25 frontage road and Zimmerman Drive
Suspected Violation City *	Frederick
Suspected Violation State *	Colorado
Suspected Violation ZIP Code *	80504
Responsible Party	Company
Is the suspected violation still occurring?	No

Date of Incident	Mar 9, 2026
Characterized incident as:	
Intention *	Accidental
Violation Method *	Spill
Affected Subject(s)	Land, Water
Violation Description *	<p>KPK discovered paraffin above the ground surface on 2/26/26 at the Facility S4WB at 40.0983053, -104.9816535 and began excavating to determine the source. A leak in the gas line was observed on 2/25/26 and an 811 was called, but the spill was not discovered until 2/26/2026. The flowline was exposed and crews discovered a reportable spill originating from the 3” steel flowline. Crews, immediately isolated the line and began removing contaminated soil. Weld County OEM report form has been submitted. The spill, appears to be due to external corrosion of the 3” steel line at the 12 o’clock position. Additional investigation is ongoing. The spill is, located 35’ west of Sullivan Ditch, classified as a riverine wetland. The ditch is not running and no surface water is present. No high, priority habitat is listed within the vicinity. The spill is located approximately 164’ west of Frontage Road. Soil is being stockpiled on a, lined bermed containment on site away from the riverine wetland/ditch which will then be properly disposed of.</p>
