**General Comment:**

On 03/05/2026, NW Reclamation Specialist Emily Gaasche conducted an inspection at TEP Rocky Mountain LLC's Youberg RU/44-7 location in Garfield County, Colorado.

The following compliance issues were observed during this inspection:

- Stained soils
- Tears/holes in secondary containment liner
- Trash/debris
- Storage of supplies

Refer to the Location, Reclamation and Stormwater sections of this report for additional details.

Refer to the photo-documentation attached to this report for additional details.

Any outstanding CA's from previous inspections remain applicable.

**ECMC Comments**

Comment	User	Date
<p>Reclamation Comments:                      Pursuant to Order 1-292, a Rule 502.a Variance from Rule 1003.b Reclamation requirements as it relates to the Youberg RU 44-7 Pad for an additional three (3) years, as of November 30th, 2022 was granted by the Commission.</p> <p>Interim reclamation was due to commence on November 30th, 2025. This inspection observed that interim areas appeared to be decompacted; however, it is unclear if this work was performed recently. Additionally, no FIRR's have been submitted by Operator detailing commencement of interim reclamation activities. Interim areas are primarily composed of mature cheatgrass, and establishment appears to be from past growing seasons. Ongoing weed management is necessary at the location. A follow-up inspection will be conducted during future growing seasons to evaluate compliance with 1003 reclamation requirements.</p>	gaaschee	03/09/2026
