

<p>Project Name: Hells Gulch 2-2 Spill</p>	<p>Site Location: Hells Gulch 2-2</p>	<p>Project Number: 026-016</p>
<p>Facility: Hells Gulch 2-2</p> <p>Description: Drainage just west of pad location. Upgradient dry and frozen over, looking south.</p> <p>Date: 2026-01-15</p>		
<p>Facility: Hells Gulch 2-2</p> <p>Description: Downgradient of the western drainage, looking south. Picture taken near BGNW sample location.</p> <p>Date: 2026-01-15</p>		

<p>Project Name: Hells Gulch 2-2 Spill</p>	<p>Site Location: Hells Gulch 2-2</p>	<p>Project Number: 026-016</p>
<p>Facility: Hells Gulch 2-2</p> <p>Description: Eastern drainage down gradient approximately ¼ mile north of pad location, facing northeast.</p> <p>Date: 2026-01-15</p>	 <p>A wide-angle photograph showing a snowy drainage area. The ground is covered in patches of snow and dry, brown vegetation. A yellow marker is visible in the middle ground, pointing towards the drainage. The scene is brightly lit, casting long shadows.</p>	
<p>Facility: Hells Gulch 2-2</p> <p>Description: BGSW sample location, collected from the west bank of the drainage, looking north.</p> <p>Date: 2026-01-15</p>	 <p>A close-up photograph of a sample collection site. A black tool is used to dig into the soil, which is partially covered in snow. A clear plastic bag containing a sample is visible in the foreground. The background shows a snowy drainage area with dry vegetation and a clear blue sky.</p>

<p>Facility: Hells Gulch 2-2</p> <p>Description: BGNW sample location, collected upslope of the western drainage, facing west.</p> <p>Date: 2026-01-15</p>		
<p>Facility: Hells Gulch 2-2</p> <p>Description: POR sample location, looking south.</p> <p>Date: 2026-01-15</p>		

<p>Project Name: Hells Gulch 2-2 Spill</p>	<p>Site Location: Hells Gulch 2-2</p>	<p>Project Number: 026-016</p>
<p>Facility: Hells Gulch 2-2</p> <p>Description: SS01 and SS02 sample locations, looking southeast.</p> <p>Date: 2026-01-15</p>	 <p>A photograph showing a muddy, rocky area with a large hole in the center. A red circle highlights the hole, which is labeled 'SS01'. In the background, there is a metal structure with a red circle highlighting a spot labeled 'SS02'. The ground is uneven and appears to be a spill site.</p>	
<p>Facility: Hells Gulch 2-2</p> <p>Description: SS03 sample location, looking southeast.</p> <p>Date: 2026-01-15</p>	 <p>A photograph showing a curved, green corrugated metal structure, possibly a tank or containment wall. A barbed wire fence is in the foreground. The ground is muddy and rocky, with some snow patches. The view is looking southeast towards the structure.</p>
