Department of Natural Resources

Inspection Photos

Photo 1. Facing northwest toward the abandoned tank battery location that is located adjacent to the County Road.

Inspection Photos

Photo 2. Facing west at the associated tank battery. The berms remain where tank were position and weeds have overgrown inside the old containment. Soils are compact and reclamation was not completed.

Inspection Photos

Photo 3. The berms remain where tank were position and weeds have overgrown inside the old containment. There are piles of material that have not been removed.

Inspection Photos

Photo 4. Facing southwest toward the tank battery. There are corner posts of the old fence that remain.

Inspection Photos

Photo 5. Facing north along the access road. The two track road needs to be decompacted and reclaimed. A single ripper could be used to decompact the two track soils without disturbing vegetation in the center.

Inspection Photos

Photo 6. Facing north east at the location. The location has not been reclaimed and there are tall undesirable weeds.

Inspection Photos

Photo 7. Facing east at the location. This area has no vegetation growth.

Inspection Photos

Photo 8. Facing toward the northeast side of the location. Abandoned pipe risers have not been removed.

Inspection Photos

Photo 9. Facing southwest at the location. The location has not been reclaimed and consists of undesirable weeds.

Inspection Photos

Photo 10. Facing west toward the surrounding reference area consisting of Blue grama and Sand dropseed pasture.
