General Comment:

On April 6th, 2026 Reclamation Specialist Corey McDonough conducted a Final Reclamation Inspection at Beeman Oil & Gas Grommet 3 location in La Plata County, Colorado.

This is a follow up inspection to inspection doc #714002230. The previous inspection observed issues regarding weeds and debris at the project area. It was noted during this inspection that issues regarding debris on the location remain outstanding.

Refer to the final reclamation section of this report for additional details regarding final reclamation status.

Refer to the photo-documentation attached to this report.

 VEGETATIVE COVER PASS

Comment:

	<p>A vegetation transect was completed to compare revegetation within the project area to vegetation within a nearby reference population. Revegetation along the transect within the well pad area was 152 percent of vegetation along the reference area transect. Refer to the transect data attached to this report.</p> <p>Inspection doc #714002230 observed a location sign and plastic wrapped wattles on the location and required removal. It was observed in this inspection that location sign and plastic wrap wattles remain on the location.</p>	
Corrective Action:	<p>Plastic wrapped wattles and location sign require removal before location can pass final reclamation. Submit, attached to a Form 4 Sundry to Area Reclamation Specialist Corey McDonough with date stamped photographs showing removal of wattles and location sign.</p>	Date: _____
