INITIAL ACTION SUMMARY

Description of initial action or emergency response measures take to abate, investigate, and/or remediate impacts associated with E&P Waste.

No work has been completed since SF27 document number 404309209 was submitted, which has not yet been reviewed by ECMC. This form is being submitted to satisfy the ECMC Rules 913.e quarterly requirement. The United States Forest Service (USFS) has directed Murfin to put an indefinite hold on all offsite flowline assessment ground disturbance in the Campo Field within Comanche National Grassland until further notice while they review previous archeological surveys. Murfin has not been granted USFS permission to do the offsite flowline assessment per approved SF27 document number 403890366. It is unknown at this time when USFS permission will be granted. See attached explanation of no work completed.
