<p><b>ECMC Audit Report Summary</b>                      On Friday 5/1/2026 at approximately 10:20 hours I, Inspector Tom Peterson, conducted an on-site inspection at the Crestone Peak Frederiksen Tank Battery location #480376 in Weld County, Colorado.                      While there, I observed that multiple condensate tanks required new contents and capacity placards and dirt was stockpiled on the location. During this inspection the following possible compliance issues were observed: Rule 605.h. with a corrective action date of 7/1/2026, Rule 606. with a corrective action date of 7/1/2026. A follow up inspection on this site needs to be conducted to ensure the compliance issues have been corrected to comply with ECMC rules.                      This is a summary of the inspection report.</p>	petersont	05/01/2026
